Swimming Pool Equipment & Accessories

Aqualux

POOL PRODUCTS PVT. LTD.

COMPANY PROFILE

Aqualux Pool Products Pvt. Ltd. is a Bangalore based company dedicated to supply of high quality equipment and accessories for swimming pools and spas. The products are mainly aimed at the Asian Market.

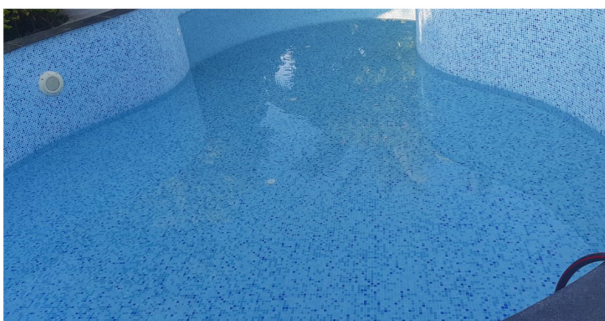

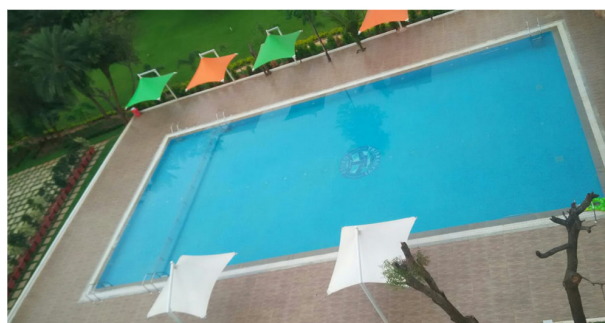

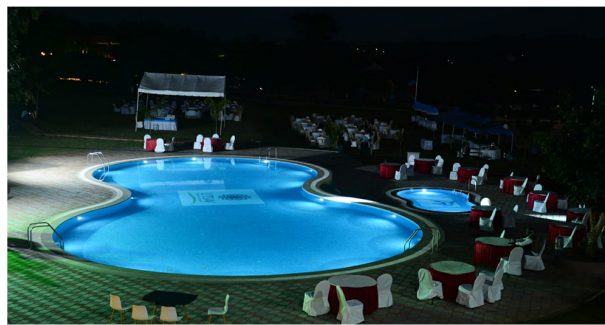

Quality and service standards are the way of life at Aqualux Pool Products Pvt. Ltd. We follow strict norms of quality when it comes to sourcing, services and working environment. We sincerely believe that this quality-consciousness is our core strength. With combined many years' experience of over 25 years, we are in a much better position to offer you the best products and services at most competitive price.

All our products have been carefully designed to guarantee the comfort and security of the end users. You will find reliable solution in our products. Maintaining the quality of pool and spa water is our priority and we stringently test our products to ensure that they are easy to install, require minimum maintenance and provide long term pool and spa care.

With a highly oriented and committed team, we guarantee a quick and reliable understanding of your requirements with an efficient and safe logistic service set up. "Aqualux Pool Products Pvt. Ltd. is the most reliable and innovative pool partner in India" "We bring the world of Pools and Spas...right to your door step".

We would sincerely appreciate your business relationship and work towards success of your ventures. We invite you to personally meet us and discuss how we could be of assistance to you.

SAND FILTER

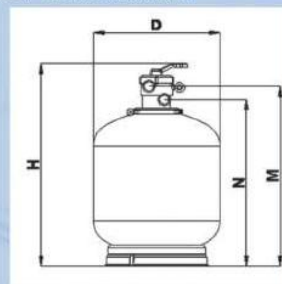

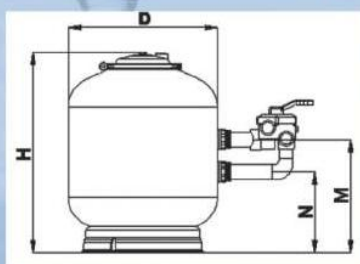

Aqualux

POOL PRODUCTS PVT. LTD.

Bobbin Sand Filter

1. Well recognized for its strength and reliability with advanced technology and machineries.
2. The filter tank is made of an inner fibreglass bladder to resist implosion and high pressure capability with a gel coat layer to avoid capillarity.
3. All components are injection moulded from high strength engineering plastic.
4. Available from 400mm/16" up to 1200mm /48".
5. Inner component materials made of latest generation plastic resins.
6. The multiport valve fixed with a clamp system that is easy to remove and quickly locks in its place.
7. The maximum working pressure is 2.5kg/cm².
8. Sand filters provided with valve for models using 1,5" and 2" connections.

SAND FILTER

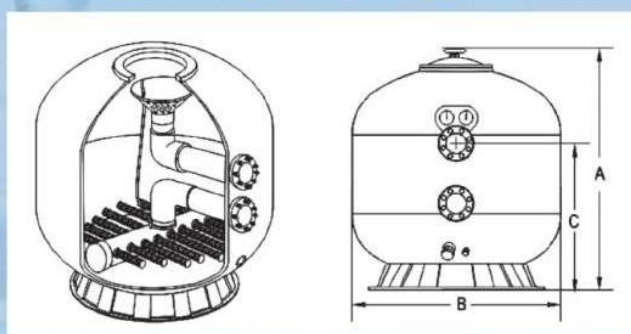

Aqualux

POOL PRODUCTS PVT. LTD.

MAGNUM Commercial Sand Filter

1. Filter tank is made of Polyester and non-corrosive fiberglass filaments winding.
2. All internal components and connections are injection moulded PVC.
3. Extra deep sand bed allows for efficient filtration and backwashing.
4. Designed to be assembled with Butterfly valve and 2X3" oil pressure gauges.
5. Large service opening (manhole) gives easy access to inside part of filter (optional).
6. Sight glass made of top quality material (optional).
7. Maximum operating pressure 4 kg/cm².
8. UV-resistant surface enables the filters to work in direct sunlight.
9. Best Choice for an efficient water filtration for public swimming pool and industrial water treatment system.

POOL PRODUCTS PVT. LTD.

Combo Pack for Above Ground Housing

1. Three pieces of housing that holds and covers pre-assembled filtering equipment: a bobbin wound sand filter with top mounted multi-port valve, a recirculation pump, a timer controller (optional) and a chlorine tablet feeder unit (optional).
2. The housing made of reinforced fiber glass making it highly resistant to corrosion, all bad weather conditions and low/high temperatures. Ideal for its outdoor location.
3. The top housing consisting of two pieces joined by hinges, allowing it to be opened to do internal operations. Suitable for all kinds of pools.

Code	Sand Filter	Pump	Filter Flow rate	Size	Connection	Voltage	Max Working Pressure	Chlorine Feeder (Optional)	Timer Controller (Optional)

Laminated sand filter

1. Well recognized for its durability and reliability and latest European technology
2. Easy and comfortable access to the inside of the tank for operation
3. Made of polyester resin and fiberglass.
4. The external layer of colored-gel coating assuring the tank is watertight meanwhile giving the surface a high gloss end
5. Available size from 500mm/20" up to 1200mm/48"
6. Inner components made of latest generation plastic resins
7. Maximum working pressure 2,5kg/cm²
8. All sand filter models with valve using 1.5", 2" or 3" (flange) connections

PUMPS

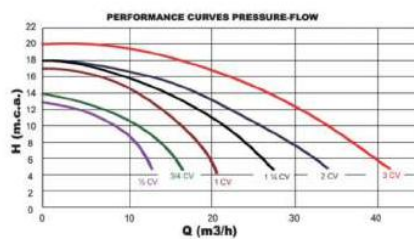

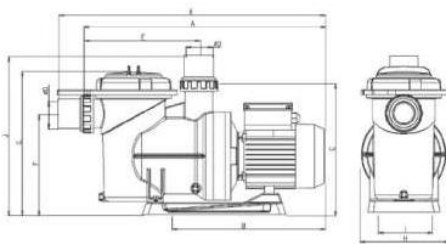

Aqualux

POOL PRODUCTS PVT. LTD.

Marathon Pump

1. Self-priming pump designed to work under a vast type of conditions, strong and durable.
2. Available from 0.5 HP upto 3 HP.
3. Easy to maintain, see-through lid, large strainer and easy-to-remove drain plugs for fast winterization.
4. Performance and pressure test for all the items prior to shipment to ensure superior quality.
5. TUV GS Certified.
6. Other options like 316SS shaft for salted water, 230V/60Hz motors are available.

SPARTA PUMPS

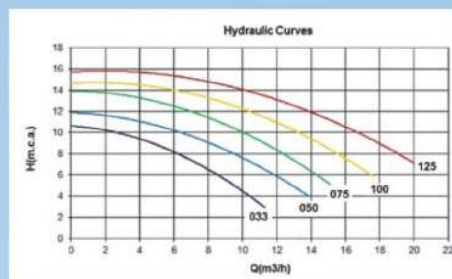

Aqualux

POOL PRODUCTS PVT. LTD.

- * SPARTA is built for easy operation including features like see-through lid for easy inspection and a large strainer extends time between cleaning. Motor materials are rustproof, stainless steel motor shaft & sealed bearings that never need lubrication. It is thermoplastic housing withstands extreme heat and resist corrosion.
- * Five Models are Available 033,050, 075, 100 and 125.

UNDER WATER LIGHT

Aqualux
POOL PRODUCTS PVT. LTD.

Flat Under water light LED & Halogen

- * Best option for illuminating existing pools, quickly and conveniently adding light and life to your pool
- * Manufactured in polyamide and ABS, resisting chemicals and temperature variations for years
- * Readily fitted to any existing pool, as it requires no niche for installation
- * Anchored directly to the wall with a reinforced plastic cross, anchor plugs and screws
- * Patented locking system, Easy process of lamp substitution
- * Available with
 - 75W halogen lamp,
 - 144 color LED plate (1 program - automatic color change),
 - 144 white LED plate,
 - 243 color LED plate (1 program - automatic color change),
 - 243 color LED plate with remote control
- * For concrete and prefabricated pools
- * CE certified by SGS

Under water light Halogen with Niche

- * Designed to be used fully submerged under water in fresh water swimming pools
- * Class III electric device with very low voltage for safety (12V with alternative current)
- * IP68 degree of protection at a nominal immersion depth of 2m
- * Face plates available in both ABS and 316SS
- * 2,5m long cable included
- * Available for concrete and liner pools
- * Easy to operate improving all the maintenance operations such as a lamp replacement
- * Basic dimensions are: Diameter 290 mm Depth 165 mm

Underwater light LED with Niche

- Designed to be used fully submerged underwater in fresh water swimming pools
- Manufactured in polyamide and ABS resisting chemicals and temperature variations for years
- Class III electric apparatus with very low voltage for safety (12V with alternate current)
- PAR56 lamp complying with IP68 degree of protection (resistance to penetration of dust, solid bodies and humidity) at a nominal immersion depth of 2 m
- Environmental friendly
- Comparing with a halogen lamp you are decreasing consumption and saving energy
- Available for concrete and liner pools
- Optional polished stainless steel face plate
- 30.000 hours LED lamp life
- Supplied in color and white light
- PAR56 lamps are available in 144led bulbs and 252led bulbs
- In the color 252led bulbs model a remote control is optional.

POOL FITTINGS

Inlets, Suction Nozzle and Wall Conduit

Aqualux

POOL PRODUCTS PVT. LTD.

1. Manufactured in white ABS with UV protection, the inlets adapt to any kind of concrete or prefabricated pool.
2. Including all the components you need for the best performance of your pool
3. Return Inlets return filtered and treated water to the pool
4. Suction Inlets are used to connect the pool cleaner
5. Conduits used to aid the installation of return and suction inlets
6. Adaptable in length for easier installation and replacement of the inlets in concrete pools
7. 300mm conduits long and can be adjusted to 250 and 170 mm
8. Inlets and Nozzles available for concrete and liner pools

SKIMMERS

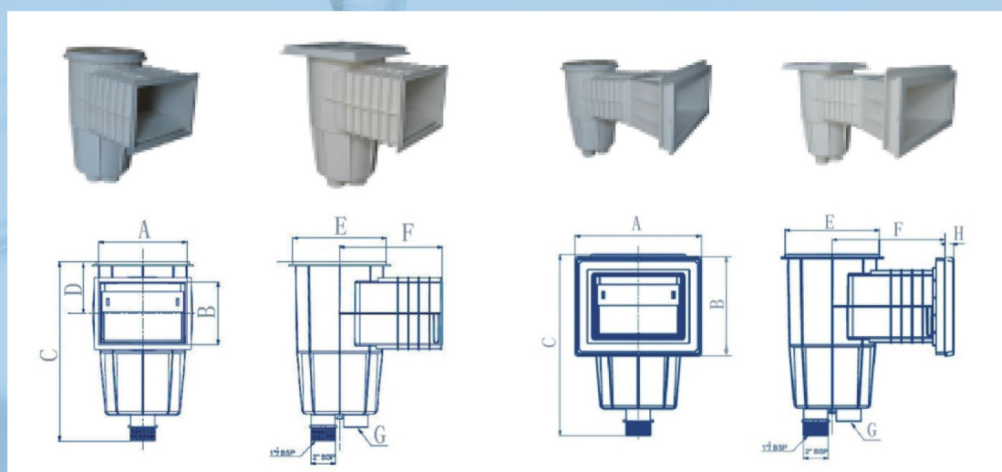

Aqualux

POOL PRODUCTS PVT. LTD.

15L Skimmer

- 15L skimmer made of high resistant white ABS with UV protection included to prevent deterioration and extend its life.
- A silent floating flap and a flow regulator plug included.
- Connect it with a female 1.5", male 2" or a Dia 50mm connection to glue.
- Basket secured to base with bayonet fixing.
- Available for concrete and liner pools.
- Round or square deck as option for aesthetic purpose
- Available with regular or wide mouth.

POOL PRODUCTS PVT. LTD.

Ladder

- Manufactured out of stainless steel AISI 304 tube with diameter 43 mm, width 500 mm in a shiny polished finish
- Safe and convenient to use. The safety design guarding against slippage or cuts.
- Each ladder style supplied with 2,3,4 or 5 steps
- Available for both stainless and plastic treads with width 50mm
- Coming with plastic stoppers that rest against the pool wall and protect it from damage, as well as with an anchor point, for a grounding connection.
- Other options like 316SS for salt water also available

HEAT PUMP

Heat Pump

- * AQL Series Designed to match the demands for residential pools
- * The housing designed to work under high strength requirements and coated to be rustproof
- * Top brand compressors
- * Heat exchanger made of titanium that is recognized as the best material for this application
- * AQL series machines run efficiently and steadily to keep your swimming pool at the optimum temperature anytime
- * Using 407C as refrigerant, AQL Series helps to keep the atmosphere free of hydro chlorofluoro carbon which is harmful to the ozone layer
- * Heating capacity ranging from 4.2KW up to 25KW
- * CE/Rohs/REACH Certified

LANE ROPES

**RACING
LANE LINE**

**PRODUCT
INFORMATION**

Racing Lane's Flow-through controls water turbulence by allowing wave energy to be dispersed along the length of the lane, creating the optimum environment for the fastest swim times. Each lane consists of a series of a 120mm or 150mm polyethylene disks and donuts strung on a stainless steel cable. Each of these disks is designed to rotate independently of the others, thereby allowing the wave energy to be absorbed and dispersed along the channel within the lane. Competitor lanes come completely assembled. Standard Colors - Red, White, Blue, Yellow.

AUTOMATIC CHLORINE FEEDER

Aqualux

POOL PRODUCTS PVT. LTD.

This automatic chlorine feeder is designed for installation in the return line to your pool or spa. It uses slow -dissolve Trichloro-S-Triazinetrione (Tri-Chlor) large or small tablets (or sticks) ONLY.

No other type of chemical should ever be used in chlorine feeder. This CHLORINATOR holds up to 9 large (3" diameter) tablet or 4.2lbs, of small tablets and has a dial type control valve to regulate the rate of water through the chlorine feeder.

Counter-Flow System Wall Mounted

This self-contained unit comes complete with pump, control box, unit to control box cable and mounting hardware. It requires no additional equipment for installation.

SS AND ABS COUNTER CURRENT

- * Jet swim house made of stainless steel, front and handle made of polished acid- proof stainless steel AISI 304. For mounting in Concrete, wood or building block walls.
- * Lpump Power : 3KW
- * Control box including contractor and overload protection
- * Air mixture control
- * Air mixture hose
- * Hose connectors
- * Hose clamps
- * Hose for suction and pressure Valves

1. Voltage: 110 VAC (120VAC)/220VAC(230VAC)
 2. Frequency: 50Hz/60Hz
 3. Output voltage: DC24V
 4. Input power: 200W
 5. Output power: 150W
 6. Cable length: 20m/25m(option)
 7. Roller width: 358mm
 8. Maximum cleaning area: 300m
 9. Speed, 12.5m/min
 10. Warranty: 3years

AQL2028PRO

POOL ROVER HYBRID ABOVE GROUND POOL CLEANER

1. Pool rover hybrid is the number one robot in its category
2. Maximum water flow power + 17m³/h
3. Ideal for pools up to 12m length

SALT CHLORINATOR

CODE	DESCRIPTION	POOL SIZE	CHLORINE OUT PUT PER HOUR
AQL 7050101	AQ Series 25 - no time clock	up to 96 m ³ /h	25 g/h
AQL 7050102	AQ Series 25TC - no time clock	up to 96 m ³ /h	25 g/h
AQL 7050103	AQ Series 30 - no time clock	up to 120 m ³ /h	30 g/h
AQL 7050104	AQ Series 30TC - no time clock	up to 120 m ³ /h	30 g/h
AQL 7050105	AQ Series 30LT - time clock and light transformer	up to 120 m ³ /h	30 g/h
AQL 7050106	AQ Series 42 - no time clock	up to 160 m ³ /h	42 g/h
AQL 7050107	AQ Series 42TC - no time clock	up to 160 m ³ /h	42 g/h

Steam Generator

Code	Volts	Power(kw)	Phase
AQL-60	380V 50-60Hz	6	3N
AQL-90	380V 50-60Hz	9	3N
AQL-120	380V 50-60Hz	12	3N
AQL-180	380V 50-60Hz	18	3N
AQL-240	380V 50-60Hz	24	3N
